

STUD CONDITIONS HX STALLIONS 2019

1. BREEDING SEASON

The breeding season runs from March 1st to August 15th 2019.

2. PROCEDURES for SEMEN

Semen from Stal Hendrix stallions may be sent to a Dutch stallion station of your choice. Please order before 9.00h in the morning. Alternatively, you may pick up the semen from Stal Hendrix in Kessel. The mare's name, registration number and the complete address of the mare owner must be provided when ordering or picking up semen. If the mare remains barren, the mare owner must submit a barren mare declaration before 1 October 2019. Failure to comply with this policy will result in an automatic charge for the total fee. The barren mare declaration must be issued by a veterinarian.

3. EMBRYO TRANSFER and ICSI

If the mare owner would like an embryo flush - ICSI performed on his/her mare, then he/she must state this when placing the first semen order. If the first attempt is unsuccessful, the mare owner must submit a veterinary certificate from the relevant embryo center, confirming that the embryo flush - ICSI has been found negative as a result of the prior insemination.

If the embryo flush - ICSI is found to be positive, the original stud fee will be charged again for a subsequent semen order for the mare in question. If multiple embryos - ICSI's are flushed from an insemination, the amount will still be subsequently charged if the transfer proves to be positive.

The stud fee is charged on 1 October 2019 per successfully transferred embryo-ICSI, if the surrogate mare is in foal. Please note: if the embryo-ICSI transfer is unsuccessful, the mare owner must notify us by submitting a barren mare declaration before 1 October 2019. The barren mare declaration must be issued by a veterinarian.

If the mare owner attempts fraud by refuting the flushing of one or more embryos, an unconditional fine of € 2,500.00 (excluding VAT) per case will be charged, not including the stud fee also due.

4. SEMEN ORDERING PROCEDURE

Semen may be ordered by telephone from:

- Daniëlle Linders +31 6 3033 4431
- Dennis Verhoeven: +31 6 1519 8313
- or by e-mail: stallions@stalhendrix.nl

Orders placed before 09:00 hours can be delivered the same day to any stallion station in the Netherlands. By placing an order and taking the semen, the mare owner declares to have read these conditions and agrees to the breeding- and payment conditions.

Only certified insemination stations affiliated with the Association of KWPN Stallion Owners are entitled to an insemination fee.

5. INVOICES/PAYMENT

The mare owner will receive one invoice in October for the total charges. Invoices from P.M.E.J. Hendrix BV must be paid in full within 30 days of the invoice date. Past due invoices are subject to late fees and penalty interest as well as any collection costs, both judicial and extrajudicial.

6. STUD FEES for FRESH SEMEN

The following fees are excluding VAT and deposits. Transport costs for semen are invoiced separately.

STUD FEES 2019 - FRESH SEMEN

Stallion	Fixed	In	Total Costs Foal (Excl. VAT)
Bustique	€ 300	€ 950	€ 1,250
Cape Coral RBF Z	€ 300	€ 700	€ 1,000
Don Diablo HX	€ 300	€ 700	€ 1,000
Gaspahr	€ 300	€ 700	€ 1,000
Jacadello	€ 300	€ 700	€ 1,000
