

## STUD CONDITIONS HX STALLIONS 2021

### 1. BREEDING SEASON

The breeding season runs from March 1st to August 15th 2021.

### 2. PROCEDURES for SEMEN

Semen from Stal Hendrix stallions may be sent to a Dutch stallion station of your choice. Please order before 9.00h in the morning. Alternatively, you may pick up the semen from Stal Hendrix in Kessel. The mare's name, registration number and the complete address of the mare owner must be provided when ordering or picking up semen. If the mare remains barren, the mare owner must submit a barren mare declaration before 1 October 2021. Failure to comply with this policy will result in an automatic charge for the total fee. The barren mare declaration must be issued by a veterinarian.

### 3. EMBRYO TRANSFER and ICSI

Indicate at the first order whether the ordered semen is used for embryo rinsing or for ICSI. If no embryo (s) / ICSI has passed, new semen can be ordered for this mare.

Coverage fee for fresh semen is charged per successful embryo / ICSI, this also applies to frozen embryos and if several embryos are flushed from one insemination.

Mare owner must provide HX Stallions an overview prepared and signed by the veterinarian or the ET center before 1 October 2021 of the number of washes and the number of successful embryos / ICSIs per mare.

If the transplantation of the embryo / ICSI has not been successful, this overview serves as a guest statement (if stated).

### 4. SEMEN ORDERING PROCEDURE

Semen may be ordered by telephone from:

- Daniëlle Linders +31 6 3033 4431
- Dennis Verhoeven: +31 6 3033 4431

Or by e-mail: [stallions@stalhendrix.nl](mailto:stallions@stalhendrix.nl)

Or website: <https://www.stalhendrix.nl/hx-stallions/>

Orders placed before 09:00 hours can be delivered the same day to any stallion station in the Netherlands. By placing an order and taking the semen, the mare owner declares to have read these conditions and agrees to the breeding- and payment conditions.

Only certified insemination stations affiliated with the Association of KWPN Stallion Owners are entitled to an insemination fee.

## 5. INVOICES/PAYMENT

### *Fresh semen*

When ordering, the mare owner receives an initial invoice for the fixed cover fee of € 300 and any transport costs if the mare owner chooses to have the fresh semen delivered. In October the mare holder will receive a second invoice with the additional costs in case of mare's gestation. You can view these rates in article 6 of these conditions. Any transport costs will also be invoiced to the mare owner if the transport costs already charged in the first invoice are exceeded.

Payments of invoices from HX Stallions must be paid within 30 days after the invoice date. If the payment term is exceeded, the invoice amount will be increased with collection costs and penalty interest as well as any collection costs, both judicial and extrajudicial.

### *Frozen semen*

When the frozen semen is ordered, the mare owner receives an invoice for the number of straws ordered. You can view the rates in article 7 of these conditions.

Payments of invoices from HX Stallions must be paid for the shipment of the frozen sperm.

## 6. STUD FEES for FRESH SEMEN

The following fees are excluding VAT and deposits. Transport costs for semen are invoiced separately.
